Subject: Application for ICT Teacher (Pearson Edexcel Curriculum)

Dear Hiring Committee,

I am writing to express my strong interest in the ICT Teacher (Pearson Edexcel Curriculum) position at Pharo Secondary School in Sheikh. With over seven years of experience teaching ICT and Computer Studies, including extensive experience delivering Pearson Edexcel ICT/IT curriculum at IGCSE and A-Level, I am excited about the opportunity to contribute to Pharo Foundation's mission of providing high-quality education that empowers the next generation of African leaders.

I hold a Bachelor of Business Information Technology (BIT) from Jomo Kenyatta University of Agriculture and Technology (JKUAT) and have served as an ICT Teacher at Elm High School in Hargeisa since 2018. In this role, I have successfully taught both theoretical and practical ICT subjects, including programming fundamentals, digital systems, databases, spreadsheets, presentations, networking concepts, and emerging technologies. I have also prepared students for Pearson Edexcel examinations through structured lesson planning, formative assessments, practical coursework, and targeted revision strategies.

My teaching philosophy focuses on creating engaging, learner-centred classrooms that encourage critical thinking, creativity, and problem-solving. I actively integrate educational technology and digital learning tools into my lessons to enhance student engagement and improve learning outcomes. Beyond classroom instruction, I have supported ICT laboratory management, curriculum development initiatives, digital transformation projects, and technology-based co-curricular activities that help students develop real-world digital skills.

I am particularly drawn to Pharo Foundation's commitment to educational excellence, innovation, and long-term social impact across Somaliland and Africa. The opportunity to work within a school that values academic achievement, digital literacy, and holistic student development aligns perfectly with my professional goals and passion for education.

I am confident that my experience, technical expertise, strong classroom management skills, and dedication to student success would allow me to make a meaningful contribution to Pharo Secondary School. I would welcome the opportunity to discuss how my background and skills can support your academic vision and help students achieve excellence in ICT.

Thank you for your time and consideration. I look forward to the opportunity to further discuss my application.

Yours sincerely,

Jamal Fahadh Mohamed
